Key Responsibilities & Roles

Art & Interactive Production

Managed end-to-end creative projects, coordinating artists, technicians, and resources. Integrated technology into artistic concepts to create engaging, accessible experiences.

Administrative & Executive Support

Provided administrative support including scheduling, email management, documentation, and client coordination. Assisted with policy processing, record-keeping, research, and proposal preparation.

Educational Facilitation

Designed and delivered structured educational content focused on human rights and civic engagement. Assessed learning outcomes and adapted methods to improve effectiveness.

Logistics & Freight Operations

Coordinated freight movement, routing, and scheduling to ensure timely delivery and resolve issues efficiently. Ensured compliance with transportation regulations and operational standards.

Customer Service & Client Support

Delivered multi-channel customer support (phone, email, chat) with a focus on clarity and empathy. Identified trends and contributed to continuous service improvement.
